

GS Probio Tab San - box - 6 x 4.5 g

GENERAL

Probiotic sanitary cleaner in tablet format for daily use, with environmentally-beneficial effect.

- For cleaning sanitary rooms and toilets
- Avoid the use of disposable plastic with the 100% plastic-free packaging & reusable spray container
- Save up to 99% CO2 in transport, 99% in storage space & be sure of a safe and exact dose thanks to the tablet format
- Efficient formula with vegetable-based ingredients and probiotics which remain active for up to three months after dissolving
- Cleans surfaces and actively combats odours
- Fresh fragrance

Today, many ready-to-use products in single-use plastic packaging are being used, while they mostly contain water. Greenspeed offers a solution to this problem: Probio Tabs. Probio Tabs are packed in 100% plastic-free packaging and are best used with our reusable sprays. In this way you help to significantly reduce the use of plastic. Thanks to the efficient tablet format there is no need for us to transport unnecessary water, as you simply add this yourself. In this way we save up to 99% CO2 in transport. The compact tablet format also saves you 99% in storage space. The tablet provides a very simple and always accurate dose without requiring extra measuring equipment (1 tab = 1 spray).

The probiotics in Probio Tabs remove organic dirt that is deeply embedded in the surface. Delivering quick and long-lasting clean results. Along the way, they also neutralise bad odours. When they re-enter the ecological cycle after use, they actively help to clean our water and maintain a natural microbial balance. Contrary to many chemical cleaning products, probiotic products are very safe to use. The micro-organisms used are 100% natural.

pH	3,5
Cleaning Power	Powerful

USAGE

1. Fill the Probio Tab San Spray with 300 ml of water (see mark on label)
2. Dispense 1 Probio Tab San into the spray bottle and seal the bottle with the spray nozzle
3. Wait about 3 minutes for the tablet to dissolve completely

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. Greenspeed is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.

1 TAB + 300 ML AQUA
